PDF Worktickets

- Viewing F3 archive job workticket from Job Screen now creates and opens PDF file
- Now uses customized workticket setup

The screenshot shows the 'Work in Process' software interface. At the top, there are fields for 'Account' (DELAWARE OPTICAL) and 'Tray' (4563). Below this, there are tabs for 'F2 In-Process Jobs', 'F3 Archived Jobs', 'AMF2 Promised In-Process', and 'AMF3 Promise'. The 'F3 Archived Jobs' tab is selected, and a job with ID 4563 is displayed. The job details include 'bly/bly' and 'hez'. Below the job details, there are buttons for 'F2 Reprint Workticks', 'F3 View Workticket', and 'F4 Reprint Invoice'. The 'F3 View Workticket' button is highlighted with a red box. At the bottom, there is a 'Job Info' table with columns 'Job Info' and 'Value'.

- Background calc files easy to jump-to
- Useful for advanced troubleshooting / working with DVI or digital vendor.

12

Processing Statuses

- Control Panel for live job status
- Useful for facilities with circuit loop conveyor automation
- Previously method of unsetting status was "kludgy"
- NOT to be used in a guessing game while troubleshooting stuck job

13

Search Tab (F12)

- Re-organized and re-grouped
- New ways to quickly search for specific work
 - Coat substitution
 - Has coat or tint
 - Processing steps (polished, engraved, etc.)
- Conditional check boxes 

14

Estimated Ship Date

- Standard archive report @ESTSH —takes many job types into consideration to predict
 - Uncut, outsource destination, coat, tint, etc.
- Run report quarterly—Combulator automatically feeds results into WIP
- Estimated ship date appears in F5 Job Screen in Account Inquiry, as well as website order status
