1

## Frames Data / DVI

- Collections Identified
- Full Inventory Records with UPC
- Download Pricing (wholesale list)
- Rimless edgeable and/or drillable
- All Hide-a-Bevel accurate shapes
- Wrap / Z-Tilt

2

## Frames Data / DVI

- Available Frames: 60,000
- Grooved Rimless: 4000 (edgeable)
- Drilled Rimless: 3800 (edgeable drillable)
- All Major Safety Frames: 625

3

## Frames Data / DVI

- Subscription: \$1995 a year – single site
- Contact: Candi Dooley - [cdooley@jobson.com](mailto:cdooley@jobson.com)

4

## Frames Data/DVI Interface

- Frame manufacturers with drill coordinates
- Are we working with your vendor? If not, lets do it!

5

## Use Frame Type EB with Shapes

- Eliminates entry in L-Box field

Stat	Frame	Mfr	Price
-	N EW	SILH	
Color		TLen	TTyp
Eye 51	Br 19	Etyp D4	FMat METL
DBL	Circ	Box 53.0	L Pa

Stat	Frame	Mfr	Price
-	N EW	SILH	
Color		TLen	TTyp
Eye 53	Br 19	Etyp D4	FMat METL
DBL	Circ	Box	L Pa

- Scaled sizes are entered in the eye-size field
- Drill coordinates are adjusted with size

6

# Use Frame Type EB with Shapes

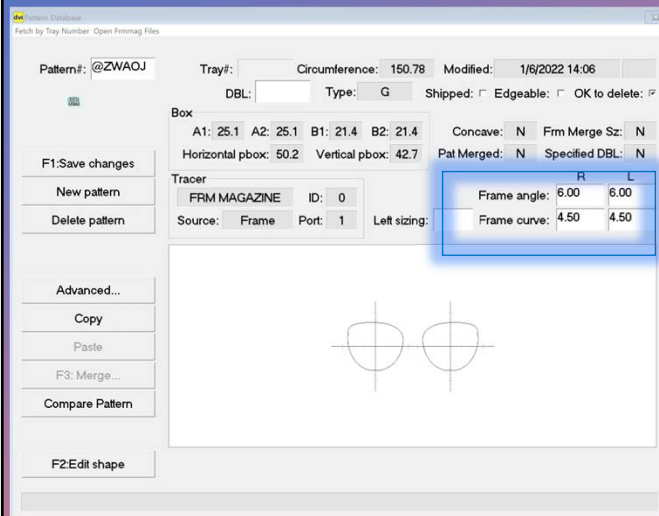

- Invoice displays correct eye-size

7

# New with your TracingPoints Subscription

- Wrap and Z-Tilt now included in your TracingPoints data

- Side Shield catalog available with fronts and temples too!
  - Contact DVI for implementation

8

# Ordering Side Shields with Frames

- Side shield is added to the Rx via service code
- Frame and side shields are short ordered together
- Side shields are combined into frame PO

## SETUP

- Define Inventory category in <3522> Misc Items Prices and Counts

- Combine Misc and Frame PO into one!  
<4811> DVISSETUP > ALT+F6 Misc Inventory  
Set 'Order Frame Items via Frame PO' to 'Y'

9

# Ordering Side Shields with Frames

- Service code with Rx Function 528 is applied to the job in one of two ways

1. Service code with description blank allows any misc item to be added in the service description field.

10

# Ordering Side Shields with Frames

1. Applied to Rx with item in Service Description

Service	R/L/P	Service Descriptions
MISC		C105

11

# Ordering Side Shields with Frames

2. Service code is created with misc item in the description

Add Service

Code: C105      Price List:

# New Frame Pricing Export/Import

Build Frame Price Lists from an Xcel Spreadsheet

- Simplifies high-speed keying of prices and costs
- Sort by items of like pricing:
  - MFR
  - Collection
  - Frame Name
  - Cost
  - Price
- Change prices/costs by SEARCH/REPLACE

A powerful tool!

16

17

## New Frames Price List Import: The Steps

From the Main Menu:

- 3 - 2 -1
- 1. Frame Data
- Click on **File**
- Select: **Price List Export**
- Generate an Xcel spreadsheet: **FramePriceExport.csv**  
Saved on the VISION drive

Open: i:\vision\FramePriceExport.csv using Xcel \*

- Sort, delete, search / replace as desired
- Add a new pricing column if required
- Key in your new prices or cost
- Save on i:\vision using the same name: **FramePriceExport.csv**

\* create a backup copy before editing to be safe

18

## New Frames Price List Import: The Steps

### Go back into the Frame Data program (3,2,1,1)

- Click on **File**
- Select: **Price List Import**

Voila! New Prices and Costs are loaded

19

## New Frames Import tools

- All frames are now imported through the Frame Catalog view
  - <3221> Frame Database
    - F3 Catalog

20

# New Frames Import tools

## Frame Import catalogs

- View lab frames
  - Frames the lab has imported in their database
- View Vendor Catalog Frames
  - Lindberg and Silhouette data (available to all labs)
- View Frame Merge Import Records
  - DVI lab to lab import-export tools
- View Frames Data Frames
  - Access to TracingPoints subscription

21

# New Frames Import tools

- Use the Filter Row and wildcards for narrowing your search
- F2 Displays search results
- Not finding the frame you're looking for? Email us [frames@thedvi.com](mailto:frames@thedvi.com)

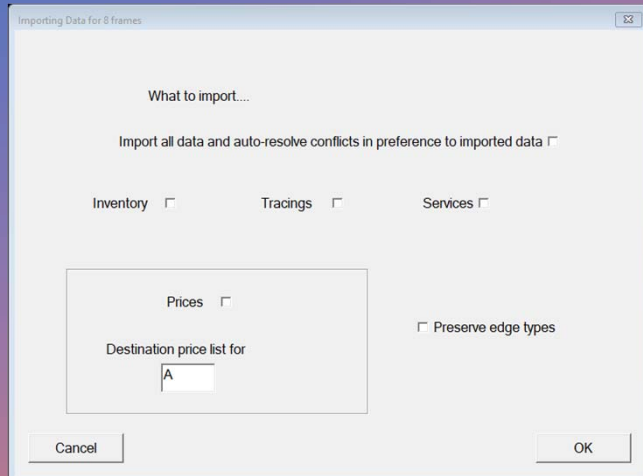

The screenshot shows the 'Frame Catalog' application window with search results displayed in a table. The title bar reads 'Frame Catalog'. The menu bar has 'File' and 'Report'. The toolbar has a button labeled 'F2: Display'. Below the toolbar are four checkboxes: 'View Lab Frames', 'View Vendor Catalog Frames', 'View Frame Merge Import Records', and 'View FRAMES DATA Frames'. The 'View FRAMES DATA Frames' checkbox is checked. A search filter row is visible with the text 'LUXO' and 'RAY\*'. Below the filter row is a table with the following data:

MFR	NAME	SRC	Collection	Edge	Mat	Comment
LUXO	RB1971	MAG	RAY-BAN	HB	METL	
LUXO	RB1973	MAG	RAY-BAN	HB	ZYLO	
LUXO	RB2016	MAG	RAY-BAN	HB	ZYLO	
LUXO	RB2027	MAG	RAY-BAN	HB	ZYLO	
LUXO	RB2132	MAG	RAY-BAN	HB	ZYLO	
LUXO	RB2132F	MAG	RAY-BAN	HB	ZYLO	

22

# New Frames Import tools

- File>Import Frames to import selected frame

- Import and overwrite all existing data
  - Services (Lab to Lab Import)
  - Preserve Edge Type (INCL vs. HB)
- Inventory
  - Tracings/Drill coordinates
- MSRP and Price list location

Select an option without overwriting the whole frame!

23

# Frame Direct Ordering

Frame direct ordering is the ability to short order frames for Rx's on behalf of your accounts and have the frame vendor bill the account directly using the account's account number with the vendor.

24

# Frame Direct Ordering

- Establish account number mappings for vendors
- Mark frames to be ordered using the P frame status in Rx Entry
- Generate and send short orders

25

# Frame Direct Ordering

- Define frame order bill-to account number in account master <3411>

The screenshot shows the 'Account Master' window for 'ALASKA OPTICAL'. The 'Other Commands' menu is open, and 'Account's Frame Vendor Mappings' is highlighted with a red box. A red arrow points from this menu item to the 'FDO by Account' dialog box.

The 'FDO by Account' dialog box shows a list of vendors with their corresponding Vendor Account #. The 'DVI Account #' is set to 1. The 'Display' button is visible.

Vendor Name	Vendor Account #
<input type="checkbox"/> 20/20 EYEWEAR	
<input checked="" type="checkbox"/> A&A OPTICAL	1234
<input type="checkbox"/> ACUTY OPTICAL USA INC.	
<input checked="" type="checkbox"/> ADENSCO	5678
<input type="checkbox"/> ADVANTAGE EYEWEAR	
<input type="checkbox"/> AFTER HOURS EYEWEAR	
<input type="checkbox"/> AVANT GARD	
<input type="checkbox"/> AIRON EYEWEAR	
<input type="checkbox"/> ALLURE	
<input type="checkbox"/> ALLTAIR EYEWEAR	
<input type="checkbox"/> APPLE OPTICAL CO	

26

## Rx Entry

•Use the P frame status in Rx entry to bill the account directly.

Stat	Frame	Mfr	Price
P	OG220S W/DUST DAM	ONGU	
Color	BLACK	TLen	135
Eye	58	Br	15
Etyp	IND	FMat	ZYLO
DBL		Circ	
A	B	ED	Ax
			A2
			B2
			R

27

## Generate Purchase Orders

•Generate frame short orders as normal

DVI Optical - Frame Order - 05/15/20 - page 1

SHORT Order #: ONGU200515-1  
 Customer #: 780064 Ship Via: 2ND DAY Depot: Please Back Order

28

# Documentation

• “File Maintenance -- Frames” → “Frame Direct Ordering”

**DIGITAL VISION, INC**  
**FRAME DIRECT ORDERING**

**Table of Contents:**

- [Overview](#)
- [Account Frame Vendor Mapping](#)
- [Entering an Rx for Frame Direct Ordering](#)
- [Placing a Purchase Order](#)

**Overview:**  
Frame Direct Ordering is the process of ordering frames on behalf of the lab's accounts.

**Account Frame Vendor Mapping:**  
Go to Update Accounts (<3411> from the main menu), select the account you wish to set up mappings for "Account's Frame Vendor Mappings".

29

# Calibration Frame

- Worked with Zyloware to identify a good frame to calibrate from
- Purchase a **SL M202 52/18** METL frame from DVI
- Rugged, well-made, standard eyewire, desirable shape
- \$118 for two
- C-Size pre-measured = 138.1mm
- Incorporate into your daily frame tracer calibration
- Note: Jobson is using this frame for calibration
